RE: Support for Portland General Electric's Harborton Reliability Project (Case #4240019)

Dear Ms. Childs,

I am a proud union Building Trades member and am writing in strong support of PGE's Harborton Reliability Project.

PGE is a strong supporter of unions and projects that are built by union members is a win for union members across the region whether I directly build the project or not. This project and future projects support high-road labor standards including the utilization of apprentices to build the next generation of workforce. My industry is dependent on strong economic growth within our region and state. Projects such as the Harborton Reliability Project contribute to the success of that economic growth and the addition of family wage jobs within our region.

I encourage the support of this project.

Sincerely,

Name: JASON DE LEON  
Union: IBEW LOCAL 48  
County of Residence: Skamania Co.

Dear Ms. Childs,

I am a proud union Building Trades member and am writing in strong support of PGE's Harborton Reliability Project.

PGE is a strong supporter of unions and projects that are built by union members is a win for union members across the region whether I directly build the project or not. This project and future projects support high-road labor standards including the utilization of apprentices to build the next generation of workforce. My industry is dependent on strong economic growth within our region and state. Projects such as the Harborton Reliability Project contribute to the success of that economic growth and the addition of family wage jobs within our region.

I encourage the support of this project.

Sincerely,

Name: Vy Le

RE: Support for Portland General Electric's Harborton Reliability Project (Case #4240019)

Dear Ms. Childs,

I am a proud union Building Trades member and am writing in strong support of PGE's Harborton Reliability Project.

PGE is a strong supporter of unions and projects that are built by union members is a win for union members across the region whether I directly build the project or not. This project and future projects support high-road labor standards including the utilization of apprentices to build the next generation of workforce. My industry is dependent on strong economic growth within our region and state. Projects such as the Harborton Reliability Project contribute to the success of that economic growth and the addition of family wage jobs within our region.

I encourage the support of this project.

Sincerely,

Name: Steve Hussey

I am a proud union Building Trades member and am writing in strong support of PGE's Harborton Reliability Project.

PGE is a strong supporter of unions and projects that are built by union members is a win for union members across the region whether I directly build the project or not. This project and future projects support high-road labor standards including the utilization of apprentices to build the next generation of workforce. My industry is dependent on strong economic growth within our region and state. Projects such as the Harborton Reliability Project contribute to the success of that economic growth and the addition of family wage jobs within our region.

I encourage the support of this project.

Sincerely,

Name: Jose Deluna
